OBJECTIVE

Highly motivated and detail-oriented BSc in Computer Science and Engineering student seeking an internship or job opportunity to apply academic knowledge, project experience, and strong skills in web development. Eager to contribute to a dynamic team and gain practical experience in the field.

LANGUAGES

Bangla
English
Hindi

SKILLS

MongoDB
Express
React JS
Node JS
C#
C++
PHP
Microsoft SQL Server
Selenium

PROJECTS

"Online Group Study Management": Designed and implemented an engaging online group study platform using the MERN stack (MongoDB, Express.js, React, Node.js). Introduced collaborative features, scheduling, and progress tracking for an enhanced user experience.

"University management System": Designed and implemented an interactive website using HTML, PHP, CSS, and JavaScript, allowing users to browse and manage all activities about university purposes.

"Hotel Management": Developed a comprehensive hotel management system using the MERN stack (MongoDB, Express.js, React, Node.js). Implemented an intuitive customer interface allowing online food purchases, alongside an efficient admin panel for streamlined management.
